A MESSAGE FROM ICE'S SCOTTISH  
CHAIRMEN

Dear Colleague,

As part of the information about our Conference and Summer Weekend we are writing as the chairmen of ICE's two Scottish regions to emphasise our hope that you will support this very important innovation.

This is the first time the ICE in Scotland has combined its efforts to run an event like this. That, in itself, is a very significant development. We have also selected a subject – Corporate Responsibility – which is vital to us all, not least because the legal framework within which we all have to operate is becoming increasingly complex and increasingly demanding.

The importance of the topic is underlined by the presence of a Government Minister and by the speakers who have accepted our invitation to the Conference.

We look forward to meeting you there.

Best wishes,

David Hutchison  
Chairman, Glasgow & West of Scotland

Simon Innes  
Chairman, East of Scotland

*I'm sure I only attended the Traditional Social events (but perhaps I forgot!).*

Dear Jim

**ICE Summer Weekend**

I attach details of the forthcoming Summer Weekend for your information. I look forward to seeing you at Dunblane for what I am sure will be a very enjoyable weekend.

*I don't think there has ever been a repetition of this Joint East/West Conference format!*

Yours sincerely

Alex Macdonald

### ICE Glasgow & West of Scotland

\* The Summer Meeting was well attended for many years, mainly by Past Chairman and Committee Members but general members also attended. It was a great way to meet others in the profession. Edinburgh East of Scotland were usually asked if one or other wished to join us.

The Dinner Dance on the Saturday evening was always dinner jacket fine but around 1995/2000 there was pressure for a less formal code of dress and subsidised tickets and transport for the graduates and students, some of whom would turn up for the dance and dinner.

It was the end of an era! In a few short years we moved from a Fri/Sat/Sun event (social + a siting of some sat + golf + a cultural visit) to a **Party** and 10 pin bowling night attended by the younger members. I'm not sure if this is still going? The older or senior members of the profession no longer get a look in!!

This situation led to the establishment of the ICE G+WS Past Chairman annual events (mainly lunches) which are ongoing and to the establishment of the EGCS (a smaller group - Walker Hamilton, Jim McCafferty, Gordon Pomphrey, Bill Barr (now too frail to attend), George Leslie and Tom Hiddle) who meet more often for lunch at Regano in Royal Exchange Square.
