

Scott Wilson Scotland: A History

Appendix 2: Mainly People

JP McCafferty

William Leslie Scott 1889-1950

Dr Guthlac Wilson 1902-1953

Sir Cyril Kirkpatrick 1872-1957

Introduction

Appendix 2: Mainly People includes an eclectic mix of photographs, images, anecdotes, CVs and memorabilia concerning the people who made Scott Wilson Scotland from the earliest beginnings until it was acquired by US giant URS in 2010. Most of the content is from my own archive, some from those who responded to my call for contributions.

Also included is some information about leading figures from elsewhere in the Scott Wilson Group who exercised some positive influence over those from SW Scotland who travelled afar. There is also a smattering of information about events, exhibitions, dinners, people and the like outside the immediate workaday life of Scott Wilson that gives some idea of the professional and social life of those who 'were there'.

There must be many more images and other information 'out there' that could be included in this website so, if you have any memorabilia, comments or contributions that you think should be included, please let me know at jamesp.mccafferty@btinternet.com.

Contents and Index

There is a contents list with hyperlinks for Appendix 2. Everything is listed alphabetically [for example, Scott William Leslie rather than William Leslie Scott] and is 'searchable' from the web page.

The first three items in Appendix 2 concern 'The Founding Fathers' [1] WL Scott; [2] Dr Guthlac Wilson and [3] Sir Cyril Kirkpatrick, while the fourth item provides some information about the Executive Partners and Directors of Scott Wilson Scotland and something about those, who's roots were in the Glasgow Office, who made their mark elsewhere.

Papers on Projects are listed as Project/Author in Appendix 1. **Other Papers** are listed as Author/Title in Appendix 2.
