

Ramp C Bridge Ruffaw Motorway Stage 1: MG
~ 1976.

Jim McCafferty on right. Adam Jedzejewski
kneeling (Inspector of Works)

Ramp C and Ramp A, curved, prestressed box girders
slid off their bearings Glasgow fair fortnight following
prolonged sunshine followed by a drop in temperature
and heavy rain. I was on holiday in Troon with the
couple jacking was required to lift, family.
rotate, translate then lower the decks onto the
bearings in the correct position to allow construction
to continue.

JM McCafferty
