*SCDI Influencers' Dinner*

*Wednesday 10th March 2004*

*Guest Speaker:*

*Nicol Stephen MSP, Minister for Transport*

Jim McCafferty was on the Council of SCDF for several years as the representative of the Institution of Civil Engineers (and possibly ACE etc). Later, he also served on the International Business Committee <sup>for many years</sup> with his experience in HK and other places and the involvement of Scott Wilson in many places internationally thought to be useful. There were many 'Influencers' Dinners' and many Committee Meetings and Members events over the years. This dinner on the Royal Yacht Britannia was typical although the venue was a bit special.
