

SW Conference Rome 1985

Bob McGowan attended this conference representing himself and SW Scotland.

In his emails of 01 & 02.04.2015, Bob advised that he would be producing something on ownership and would be doing 'all the conferences in due course'.

I shall try to obtain a copy of the group photograph and participants from another source, possibly the SW/URS/Aecom Library. [Nothing found 29.06.2015]
